To Whom It May Concern

This is to certify that **Sudipta Kumar Das** a student of CSE, American International University Bangladesh (AIUB), has successfully completed 03(Three) months (from 1st September,2023 to 30th November,2023) long internship programme at Enkaizen. He worked as Software Engineering Intern with us.

Prior to working with us, he did not have any early experience for working as a web developer. However, it did not take him long to learn and implement the new technologies.

He was given some projects where he had to develop backend and frontend of the websites and make API's using Java (Spring Boot). He completed all the task in time.

During his Internship at Enkaizen, management found him as hardworking, sincere person and bears a good moral conduct.

We wish him all the success in all his endeavours.

Ronald Roni Saha
CEO, Enkaizen
