Sudipta Kumar Das

Adjunct Lecturer, CSE | Software Testing (QA) | Builds Software Tools with AI Coding Agents

Dhaka, Bangladesh | sudiptakumar400@gmail.com | +880 1931-117419 | the-sudipta.github.io/portfolio | linkedin.com/in/sudiptakumar | github.com/the-sudipta

SUMMARY

Adjunct Lecturer in Computer Science and Engineering at AIUB, teaching first-year C++ programming and data structures. BSc in CSE (CGPA 3.92/4.00, Dean's List four times) and MSc in Computer Science from Jahangirnagar University (CGPA 3.94/4.00). I also build practical software tools with AI coding agents such as Claude Code: I define what the tool must do, direct the agent, review and test the output against real data, and deliver it. Fresher in software testing with hands-on manual, API and unit testing, test case writing and bug reporting. Seeking a Lecturer (CSE) or junior software QA position.

TEACHING

Courses taught: Introduction to Programming (C++); Data Structures
Can also teach: Introduction to Computer Science; Object-Oriented Programming

EXPERIENCE

Adjunct Lecturer, Dept. of CSE, American International University-Bangladesh (AIUB) Oct 2025 - Present

- Teach C++ programming and data structures to undergraduate CSE students; run lab sessions and assess students
- Write lab tasks, problem sheets, and exam and viva question banks
- Used an AI coding agent to build a tool that extracted CO1/CO2 assessment marks from 367 industry supervisor evaluation PDFs into Excel for departmental reporting

PHP Commercial Software Development Trainee, Itransition May 2025 - Jul 2025

- Built Symfony applications, including a real-time slides-style presentation app and a form builder with Salesforce integration plus a companion analytics app

Software Engineering Intern, Enkaizen Sep 2023 - Nov 2023

- Built RESTful APIs in Java with Spring Boot and worked in a team on projects using Spring Boot and Vue.js

EDUCATION

MSc in Computer Science (PMSCS), Jahangirnagar University May 2025 - Jul 2026
CGPA 3.94/4.00, computed from published course grades (official transcript pending)

MSc in Computer Science, American International University-Bangladesh Oct 2025 - Jan 2027 (expected)

BSc in Computer Science and Engineering, American International University-Bangladesh May 2020 - Feb 2024
CGPA 3.92/4.00; Dean's List four times; AIUB merit scholarship

HSC (Science), Dhaka Imperial College - GPA 4.42/5.00 2019

SSC (Science), Motijheel Govt. Boys' High School - GPA 5.00/5.00 2017

TOOLS AND PROJECTS

Applyst - personal job-search assistant, built with Claude Code 2026
Python app that collects job postings, scores how well they fit, drafts tailored CVs and letters, and tracks applications in a local web dashboard. I wrote the specification, directed the agent milestone by milestone, and reviewed and tested every change.

Formulate & Formalytics - Itransition final project (Formulate, Formalytics) May 2025 - Jul 2025
Symfony form builder with validation, visibility rules and Salesforce sync; a separate analytics app reads its REST API and charts per-user results with Chart.js.

Next-ICPC-Champion (GitHub): machine-learning pipeline predicting ICPC World Finals outcomes from 26 years of contest data.

RESEARCH

P. Saha, **S. K. Das**, A. Sarkar, M. M. Hasan. *ML-MAWS: Alignment-Free Maximum Likelihood Phylogeny Estimation Using Minimal Absent Words.* arXiv preprint arXiv:2606.25584 [q-bio.PE] 2026

SKILLS

Teaching: C++, data structures, lab design, problem sheets, question banks, viva assessment
Software testing: manual testing, API testing, unit testing, test case writing, bug finding and reporting, user-side feature testing; SDLC
AI-assisted development: Claude Code, writing clear specifications, reviewing and testing AI-generated code, Git and GitHub
Used in internships and projects: C++, Python, PHP (Symfony), Java (Spring Boot), JavaScript, MySQL, LaTeX
Working with people: team handling and coordination, explaining technical topics clearly

CERTIFICATIONS AND ACTIVITIES

IELTS overall 6.5 (L 6.5, R 7.5, W 6.0, S 6.5); Cisco Networking Academy certificate; IEEE AIUB Student Branch member (1 year); Object-Oriented Programming mentor at AIUB
